Cream perfume

An extraordinary marriage of precious fragrance notes, a source of exceptional sensations that caress the senses. Initially, playful accords of jasmine, labdanum, and cashmere wood intertwine with the sweet aroma of vanilla and amberwood. Finally, distinctive notes of white oud, black musk, and dry wood emerge.

For best results, apply the perfume with your fingers to so-called pulse points, where blood flows close to the surface and the body generates warmth: the inner wrists, behind the ears, neck, décolleté, and the bends of the elbows and knees. This allows the fragrance bouquet to develop beautifully and linger on the skin for an extended period.

Creams

DAY CREAM ROYAL PERFECTION

A meticulously designed, ultra-rejuvenating formula that represents a sophisticated combination of the highest quality active ingredients. This cream provides comprehensive skincare, leaving the skin youthful and radiant.

- **DHHB (next-generation organic filter), octinoxate, and octocrylene** deliver effective protection against harmful free radicals.
- **Coenzyme Q10** hydrates the skin, enhances its appearance by supporting cellular regeneration, and effectively slows down photoaging processes.
- **Vitamin E**, a powerful antioxidant, prevents premature skin aging.
- **Low molecular weight hyaluronic acid** significantly reduces water loss from the epidermis, smooths fine lines and wrinkles, improves firmness and elasticity, minimizes irritation, and enhances skin tone and overall condition.
- **Betaine** acts as a potent humectant, attracting and retaining moisture to deeply hydrate the skin.
- **Squalane** strengthens the hydrolipid barrier and reduces the visibility of fine lines.
- **Peptides**, boost anti-aging effects by stimulating collagen and elastin synthesis.

This cream ensures your skin stays nourished, protected, and rejuvenated throughout the day.

Creams

ADVANCED NIGHT CREAM AGE CONTROL

A rich blend of potent anti-aging and firming active ingredients that penetrate deeply into the skin during sleep, when cells are actively dividing and regenerating. This cream hydrates, nourishes, and smooths the skin, leaving it revitalized and refreshed.

- **Retinol** stimulates fibroblasts to produce collagen and elastin, improving elasticity and firmness while reducing the appearance of wrinkles. It accelerates epidermal cell renewal and decreases the likelihood of blackheads and breakouts.
- **Arbutin** helps combat hyperpigmentation, including post-inflammatory and sun-induced discoloration. It evens out skin tone, brightens the complexion, and soothes inflammation.
- **Coenzyme Q10 and Vitamin E** work synergistically to protect cells from free radical damage, slow photoaging, and promote intense regeneration and smoothness.
- **Squalane** reinforces the hydrolipid barrier and minimizes the visibility of fine lines.
- **Betaine, urea, and pentavitin** deliver intense hydration, ensuring the skin stays supple and moisturized.
- **Shea butter** regenerates, hydrates, and soothes irritation. It boasts anti-aging properties with fatty acids, polyphenols, phytosterols, and vitamins A, E, and F.
- **Allantoin** prevents dryness and irritation, reduces redness, and stimulates epidermal renewal.

This night cream enhances your skin's natural regeneration process, restoring its youthful glow and resilience.

ANTI-AGING ELIXIR FACE SERUM

HIGHLY CONCENTRATED COSMETIC

A skincare product formulated with a blend of precious active ingredients designed to deliver rejuvenating effects.

- **Coenzyme Q10 and Vitamin E** work synergistically to protect cells from free radical damage, slow photoaging, and promote intensive regeneration and smoothing of the skin.
- **Peptides** have anti-wrinkle and anti-puffiness properties, enhancing the overall youthful appearance of the skin.
- **Retinol** stimulates fibroblasts to produce collagen and elastin, improving elasticity and firmness while reducing the appearance of wrinkles. It accelerates skin cell renewal and helps reduce the formation of blackheads and breakouts.
- **Firming squalane** boosts anti-aging effects, facilitates the transport of active ingredients into deeper layers of the skin, and prevents excessive water loss.
- **Caviar extract** prevents the breakdown of elastin, helping maintain a youthful appearance. It also reduces sensitivity to allergies and irritations.
- **Laminaria digitata extract** – a powerful antioxidant and a rich source of macro- and microelements, vitamins, and proteins, visibly increases skin elasticity, making it firm and supple. It enhances the skin's antioxidant defenses, protecting against oxidative stress and promoting a beautiful, healthy complexion.
- **Betaine** acts as a potent humectant, attracting and retaining moisture to deeply hydrate the skin.
- **Allantoin** soothes irritations and protects the skin from harmful external factors.

This concentrated formula ensures deep nourishment, hydration, and protection, enhancing the skin's youthful resilience and glow.

Creams

EYE CREAM COMPLEX

Thanks to carefully selected ingredients, this eye cream provides intensive care for the delicate skin around the eyes.

- **Caffeine** supports microcirculation, reducing unsightly puffiness and dark circles, giving the skin a youthful and refreshed appearance.
- **Vitamin E acetate** has strong antioxidant properties, slowing down skin aging processes, while also strengthening and nourishing the skin.
- **Hyaluronic acid** prevents water loss from the epidermis, improving firmness and elasticity, reducing the tendency to irritation, and contributing to better skin tone and overall condition.
- **Peptides and lipopeptides** are invaluable in fighting expression lines, reducing the visibility of fine wrinkles.
- **Biotin** improves skin firmness and effectively regenerates it.
- **Betaine** acts as a strong humectant, attracting and retaining moisture, deeply hydrating the skin.
- **Allantoin** soothes irritations and reduces redness.

This eye cream nourishes and rejuvenates the sensitive skin around the eyes, ensuring a smooth, refreshed, and youthful appearance.

Creams

FIRMING COMPLEX BODY CREAM

A combination of the best ingredients for body sculpting. This cream effectively firms, smooths, and tightens the skin.

- **L-carnitine** helps reduce the visibility of fat tissue and cellulite, visibly slimming and smoothing the body while providing effects similar to ultrasonic treatments.
- **Hydrolyzed red algae extract**, an advanced ingredient, improves skin firmness and elasticity while aiding in fat reduction, significantly enhancing the action of L-carnitine.
- **Caffeine and seaweed** stimulate microcirculation, firming the body and minimizing cellulite.
- **Laminaria digitata extract**, a strong antioxidant and rich source of macro- and microelements, vitamins, and proteins, visibly enhances skin elasticity, making it firm and supple. It also boosts the efficiency of antioxidant mechanisms, supporting protection against oxidative stress and promoting a beautiful, healthy appearance.

This cream helps sculpt and firm the body, leaving the skin smooth, toned, and rejuvenated.

Creams

ULTRA FIRMING BUST CREAM

A highly concentrated formula designed to improve the appearance of the breasts. It effectively firms and enhances skin elasticity, providing a visible lifting effect and serving as an excellent alternative to invasive breast contouring procedures.

- **Amino acid, polysaccharide, Vitamin C, and B12** blend offers comprehensive care for the skin.
- **Algae complex and pullulan** significantly improve skin firmness and elasticity, giving the breasts a visibly lifted appearance.
- **Caviar extract** prevents the breakdown of elastin, helping maintain a youthful look for longer while reducing susceptibility to irritation.
- **Wakame algae extract** has strong antioxidant properties, slows down photoaging, hydrates, and firms the skin.
- **Chlorella algae extract** stimulates skin renewal processes and improves its tension.
- **Laminaria digitata extract**, a powerful antioxidant and a rich source of macro- and microelements, vitamins, and proteins, visibly enhances skin elasticity, making it firm and supple. It also boosts the efficiency of antioxidant mechanisms, supporting protection against oxidative stress and giving the skin a beautiful, healthy appearance.

This cream effectively contours, firms, and revitalizes the skin, leaving the breast area smooth, firm, and youthful.

Natural moisturizing factor (NMF) is a group of substances found in the skin. Their task is to ensure the proper level of hydration. The luxurious hand washes have been enriched with a unique Biohydration Plus complex which perfectly imitates NMF, leaving hands silky smooth and soft to the touch.

Oils

LUXURY FACE OIL

A complex composition of precious ingredients of plant origin. This highly concentrated dose of vitamins and antioxidants provides the skin with intense nourishment, hydration, and regeneration, restoring its youthful, healthy, and radiant appearance.

OILS IMMERSED IN COSMETICS

Argan - called liquid gold from Morocco, delays the skin's ageing process, soothes irritations, reduces discoloration, deeply moisturises and nourishes
jojoba - with a chemical composition very similar to human sebum, it moisturises, softens, firms, soothes inflammation, and provides valuable nutrients.

- sunflower - rich in fatty acids, with anti-inflammatory and antioxidant properties, strengthens the natural protective barrier
- soy - contains the vitamins of youth, E and K, guards against free radicals, accelerates regeneration, and reduces the visibility of acne scars
- castor - allows water retention in deeper layers of the skin, supports reconstruction of the lipid layer, supports wound healing
- calendula - anti-inflammatory, antibacterial, toning, softening, moisturising, and anti-ageing properties
- rose - ideal for dry, dehydrated and mature skin, wonderfully moisturises, nourishes, and regenerates, reduces visibility of wrinkles
- rice - brightens discolorations, gives a radiant glow, protects from the harmful effects of UV sun exposure
- avocado - called the oil of the 7 vitamins (A, B, D, E, H, K, PP) - a nutrition bomb and strong antioxidant that effectively neutralises free radicals
- evening primrose - creates a protective barrier, reducing the risk of moisture loss from the skin, ensuring a fresh and healthy appearance

The oil has also been enriched with carefully selected essential oils: geranium, ylang-ylang, and neroli. Perfect for use under make-up, for day and night use.
